Byron Area Schools

Hello Byron Community,

This year the pandemic has caused the number of days that students are not in school to increase, making it more challenging to feed students on a regular basis. As a result your Byron Area Schools Food Service is expanding its meals program to include free breakfasts and lunches for children 18 years and under!

- Beginning this Friday, January 22, all in-person PreK-5 students can take home a breakfast and lunch for both Saturday and Sunday. That's 2 breakfast and 2 lunches!
- Beginning next Thursday, January 28, all in-person 6-12 students can take home a breakfast and lunch for Friday, Saturday and Sunday. That's 3 breakfast and 3 lunches!
- Beginning next week, on Tuesdays from 4:00-6:00pm or Wednesdays from 9:15-10:30am, virtual students can pick-up 7 days of breakfasts and lunches. That's 14 meals!

This is a federal program that allows districts to provide food security to their community so students do not go hungry!

For more information or to place a virtual order contact Stacey Anibal at 810-266-4648 or email at anibal@byron.k12.mi.us

Sincerely,

Bob Cassidy
