# Byron Area Schools

December 7, 2020

Dear Byron Area Schools Families,

This afternoon Governor Whitmer announced the Michigan Department of Health & Human Services order, which requires the learning for all high school students to be in a virtual format, has been extended through December 20<sup>th</sup>. This order continues the suspension of all athletics and extracurricular activities for middle and high school students through December 20<sup>th</sup>.

What does this mean for Byron?

- We will continue to offer both in-person and online instruction for our elementary and middle school students (K – 8<sup>th</sup> grades).
- All learning for our high school students (9<sup>th</sup> – 12<sup>th</sup> grades) will utilize our virtual format of Google Suite.
  - For those high school students without technology access, we will continue to allow students to work from our Cafeteria.
  - Students will need to continue to wear a facial covering and follow social distance requirements.
- Grab and go breakfasts and lunches will continue to be available for pick-up for our enrolled students on Wednesdays each week.

We will continue to monitor our school and local data with respect to the COVID-19 virus. We will continue to provide updates as they become available.

Educationally Yours,

Tricia Murphy-Alderman, Superintendent  
Byron Area Schools
