Byron Middle School School Annual Education Report (AER) Letter

January 29, 2020

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2018-19 educational progress for Byron Middle School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Tricia Murphy-Alderman for assistance.

The AER is available for you to review electronically by visiting the following web site www.byron.k12.mi.us, or you may review a copy in the main office at your child's school.

For the 2018-19 school year, schools are identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Byron Middle School has not been assigned a label by the State of Michigan.

Byron Middle School, like many other schools, faces certain challenges that impact student performance. Reduced levels of state funding have impacted the staffing, programming, and the levels of support that Byron Middle School can utilize to ensure student growth. In spite of these challenges, the staff at Byron Middle School is eager to provide Byron students with exceptional learning opportunities. For 2018-19 academic year, the middle school continues to design teaching and learning by incorporating project-based lessons and units throughout our instructional courses. Our goal is to make our students' learning engaging, challenging, and connected with the work outside the classroom. Teachers have been utilizing technology to increase students' understanding and utilization of 21st century skills. We are utilizing a 1-to-1 Chromebook initiative in our 7th and 8th grade English classrooms. We continue to focus on improving math and reading achievement through different curricular offerings. We also demonstrate the importance of service in the community through our 8th grade Service Learning Course. This course includes standards from core curriculum as students develop service projects utilizing the resource of the Shiawassee River.

State law requires that we also report additional information:

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

Byron Middle School services all students in grades 7-8 who live in the Byron Area School District. The school also accepts Schools of Choice students from other districts following 501c rules.

2. STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

The School Improvement Team has written a school improvement plan focused on raising achievement in writing, math, reading, science, and social studies. The team analyzed student data in each of these content

areas and developed a strategic plan for accomplishing these goals. The plan is reviewed by the team multiple times throughout the year to monitor progress of implementation.

3. BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

It is the philosophy of the Byron Area Schools and the Shiawassee Regional Education Service District to serve each person with special needs in the least restrictive environment. A continuum of education placement options is offered from age 0-26, which provides for mild to severe handicapping conditions, supportive services, and vocational training programs designed to meet the needs of special needs persons. The placement options are provided through cooperative planning by the Byron Area Schools, Shiawassee Regional Education Service District, and the Michigan Department of Education, since no district could support a full continuum itself. The Shiawassee Regional Education Service District operates programs and services for the low incidence populations. Likewise preprimary impaired programs are center programs service clusters of districts. For the high incidence of EMI, EI, and LD, each individual district offers those options that best meet their needs. However, by agreement, each district can have placement access to categorical programs operated by another district, if appropriate. In this way, a full continuum is available in an efficient and cost effective manner regardless of district size. Byron does have students who attend programs within the Shiawassee Regional Education Service District.

4. CORE CURRICULUM

Byron Middle School curriculum units are aligned with the Common Core State Standards (CCSS) and the Grade Level Content Expectations (GLCE) are integrated into the existing curriculum.

5. LOCALLY ADMINISTERED ASSESSMENTS

Seventh and 8th grade students participate in the State M-STEP assessment. Also, students in the 8th grade participate in PSAT8/9.

6. PARENT-TEACHER CONFERENCES

Our annual parent-teacher conferences, which are held in October each year, showed a parent participation rate of 27% for the 2018-19 academic year and a 20% parent participation rate for the 2017-18 academic year.

Byron Middle School is made up of dedicated professionals and support staff who recognize the students as very special people who are here to learn and grow. We are also fortunate that our parents are very involved and support the staff and students in a variety of ways. We will continue to stay focused on academics while setting high standards for character and behavior by following the Eagle Code. With the support of the school, family, and community members, we can make a difference.

Sincerely,

/s/

Mark Dobson
Principal
Byron Middle School
