## Preschool Programs

### **Four-Year-Old Preschool (Great Start Readiness Program)**

Registration packets for our Four-year-old Preschool program, GSRP (Great Start Readiness Program), are available in our Elementary School Office. Packets may be completed on-site or returned at a later date. The child's original birth certificate, a copy of the child's immunization record, and prior year tax records must be presented to complete the registration process. You will be provided with a health form that must be completed and signed by a doctor. On the back of the same form is a section that must be completed and signed by a dentist. All paperwork must be completed and returned to us before the first day of Preschool; this includes the birth certificate. All children must be four (4) years of age by September 1<sup>st</sup> and be potty-trained. Please remember this is a risk-factor based program with each child needing at least two risk factors to qualify for funding. Risk factors are determined by completing all paperwork. There are a variety of risk factors with income being the primary focus with a sliding scale for income/number in the family. The staff will meet and determine who fits the criteria and parents will be notified when the grants are awarded. There is no cost for this program if you qualify according to the grant.

Questions?? Please call 810-266-4671.

### **Four-Year-Old Preschool (Regular Tuition)**

All four-year-old students are invited to apply to our Preschool program. Students who do not qualify for GSRP may still participate as a tuition student. We work with individual families to provide Preschool to all!

Questions?? Please call 810-266-4671.

### **Three-Year-Old Preschool (Tuition and Partial Scholarships)**

Three-year-old Preschool registration packets are also available in our Elementary School Office. Packets may be completed on-site or returned at a later date. The child's original birth certificate and a copy of the child's immunization record must be presented to complete the registration process. You will be provided with a health form that must be completed and signed by a doctor. All paperwork must be completed and returned before the first day of Preschool; this includes the birth certificate. Children must be three (3) years of age by September 1<sup>st</sup> and be potty-trained. Tuition is \$125.00 per month. Applications may be made for partial scholarship grants which are based on income. Scholarship paperwork should be returned as soon as possible along with a copy of your prior year income information. Only families applying for the scholarship must provide tax information.

Questions?? Please call 810-266-4671.
